Docket No. 98N-1265 2751 '99 MAY -4 P2:33  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

My overall health has improved  
immensely since I have been taking  
the specially formulated doses of  
hormones. It would be a terrible  
hardship and very unjust to limit my  
access to this medical service! Please do  
not limit the number of prescriptions which  
can be shipped across state lines! The  
FDA exists to support the health of  
Americans, not to deny healthful oppor-  
tunities!

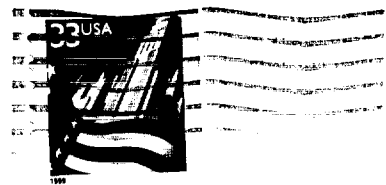

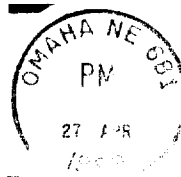

Please fold, seal, and mail by March 22
